#### Article 3

An Appendix Party may apply a transitional safeguard measure on originating motor vehicles from the other Appendix Party classified under heading 87.03, during the transition period only, in accordance with the provisions set out in Chapter 6 (Trade Remedies), with the following procedural modifications:

The Appendix Party shall provide an opportunity for those consultations no later than 30 days after the application of the transitional safeguard measure;

(ii) If the consultations under subparagraph (d)(i) do not result in an agreement on trade liberalising compensation within 30 days after the consultations begin, the Appendix Party against whose good the transitional safeguard measure is applied may suspend the application of substantially equivalent concessions to the trade of the Appendix Party applying the transitional safeguard measure; and

(iii) The right of suspension referred to in subparagraph (d)(ii) shall not be exercised for the first 24 months during which a transitional safeguard measure is in effect, provided that the transitional safeguard measure conforms to the provisions of this Agreement.

9. Unless the Appendix Parties agree otherwise, paragraphs 1 and 2 of Article 28.19 (Implementation of Final Report) shall apply, *mutatis mutandis*,<sup>7</sup> to the implementation of the final report.

10. (a) Unless the Appendix Parties agree otherwise, if in its final report the panel determines that:

- (i) (A) the measure at issue is inconsistent with an Appendix in this Agreement;
- (B) an Appendix Party has otherwise failed to carry out its obligations in this Agreement; or
- (C) the measure at issue is causing nullification or impairment within the meaning of Article 28.3.1(c) (Scope);

<sup>7</sup> For the purposes of this paragraph, (Implementation of Final Report)

eliminate the non-conformity or nullification or impairment if it is not practicable to do so immediately.

- (c) Unless the Appendix Parties agree otherwise, the reasonable period of time shall be:
    - (i) six months from the presentation of the final report under Article 28.18.1 (Final Report) as applied pursuant to paragraph 8; or
    - (ii) if elimination of the non-conformity or nullification or impairment requires amendment of laws or regulations adopted by the Diet of Japan or the Parliament of Canada, or the legislative body of local subdivision, 12 months from the presentation of the final report.
11. (a) The responding Appendix Party shall, if requested by the complaining Appendix Party, enter into negotiations with the complaining Appendix Party no later than 15 days after receipt of that request, with a view to developing mutually acceptable compensation, if:
- (i) the responding Appendix Party has notified the complaining Appendix Party that it does not intend to eliminate the non-conformity or the nullification or impairment; or
  - (ii) following the expiry of the reasonable period of time set out in paragraph 10(c), there is disagreement between the Appendix Parties as to whether the responding Appendix Party has eliminated the non-conformity or the nullification or impairment.
- (b) A complaining Appendix Party may suspend benefits in accordance with subparagraph (c) if the Appendix Parties have:
- (i) been unable to agree on compensation within a period of 30 days after the period for developing compensation has begun in accordance with subparagraph (a); or
  - (ii) agreed on compensation but the complaining Appendix Party considers that the responding Appendix Party has failed to observe the terms of the agreement.
- (c) A complaining Appendix Party may, at any time after the conditions set out in subparagraph (b) are met in relation to the complaining Appendix Party, provide a written notice to the responding Appendix Party that it intends to suspend benefits under

paragraph 14 or 15. The notice shall specify the level of benefits that the complaining Appendix Party proposes to suspend. The complaining Appendix Party may begin suspending benefits in accordance with paragraph 14 or 15 after the date on which it provides the notice.

- (d) Compensation and suspension of benefits shall be temporary measures. None of these measures is preferred to full implementation through elimination of the non-conformity or the nullification or impairment. Compensation and suspension of benefits shall only be applied until the responding Appendix Party has eliminated the non-conformity or the nullification or impairment, or until a mutually satisfactory solution is reached.

12. Unless the Appendix Parties agree otherwise, if in its final report the panel determines that the non-conformity or the nullification or impairment that the panel has determined to exist under paragraph 10(a)(i) has not materially affected the sale, offering for sale, purchase, transportation, distribution or use of originating motor vehicles from the complaining Appendix Party, the procedures provided for in paragraphs 3 through 7 of Article 28.19 (Implementation of Final Report), Article 28.20 (Non-Implementation Compensation and Suspension of Benefits) and Article 28.21 (Compliance Review) shall apply, *mutatis mutandis*.

- 13. (a) If the responding Appendix Party considers that:
  - (i) the level of benefits proposed to be suspended under paragraph 15 is manifestly excessive; or
  - (ii) it has eliminated the non-conformity or the nullification or impairment that the panel has determined to exist,

it may, no later than 30 days after the date of delivery of the written notice provided by the complaining Appendix Party under paragraph 11(c), request that the panel be reconvened to consider the matter. The responding Appendix Party shall deliver its request in writing to the complaining Appendix Party. The panel shall reconvene as soon as possible after the date of delivery of the request and shall present its determination to the Appendix Parties no later than 90 days after delivery of the request.

- (b) If the panel determines that the level of benefits the complaining Appendix Party proposes to suspend under paragraph 15 is manifestly excessive, it shall determine the level of benefits that the complaining Appendix Party may suspend. The panel shall determine:

- (i) the level of benefits of equivalent effect, as set out in Article 28.20.5 (Non-Implementation Compensation and Suspension of Benefits); and
- (ii) if the prevailing most-favoured-nation applied rate of customs duty imposed by the complaining Appendix Party on motor vehicles classified under heading 87.03 is zero per cent, the level of benefits equivalent to the effect of application by the responding Appendix Party of its prevailing most-favoured-nation applied rate of customs duty on motor vehicles classified under heading 87.03.

14. Unless the panel has determined that the responding Appendix Party has eliminated the non-conformity or the nullification or impairment, 30 days after the later of:

- (a) the date on which the complaining Appendix Party provides the notice under paragraph 11(c); or
- (b) if the responding Appendix Party requests that the panel be reconvened to consider the matter under paragraph 13(a)(ii), the date that the panel issues its determination under paragraph 13,

the complaining Appendix Party may increase the rate of customs duty on originating motor vehicles from the responding Appendix Party classified under heading 87.03 to a level not to exceed the prevailing most-favoured-nation applied rate of customs duty on those motor vehicles, for a period of up to 100 days following the 30-day period.

15. Unless the panel has determined that the responding Appendix Party has eliminated the non-conformity or the nullification or impairment:

- (a) if the panel determines the level of benefits under paragraph 13(b), 30 days after the later of the date on which the complaining Appendix Party provides the notice under paragraph 11(c) or the date that the panel issues its determination under paragraph 13, the complaining Appendix Party may:
  - (i) increase the rate of customs duty on originating motor vehicles from the responding Appendix Party classified under heading 87.03 up to the level the panel has determined under paragraph 13(b)(i); or
  - (ii) if the prevailing most-favoured-nation applied rate of customs duty imposed by the complaining Appendix Party on motor vehicles under heading 87.03 is zero per cent, suspend the application to the responding Appendix Party

of benefits with respect to originating goods from the responding Appendix Party:

- (A) up to the level the panel has determined under paragraph 13(b)(i); and
- (B) up to the level the panel has determined under paragraph 13(b)(ii) for a period of up to 100 days following the 30-day period,

and

- (b) if the responding Appendix Party does not request that the panel be reconvened to consider the matter under paragraph 13(a)(i) or the panel has not determined the level under paragraph 13(b), after the 30-day period, the complaining Appendix Party may suspend the application to the responding Appendix Party of benefits up to the level the complaining Appendix Party has proposed to suspend under paragraph 11(c),

provided that the increased rate of customs duty applied to any goods under this paragraph shall not exceed the prevailing most-favoured-nation applied rate of customs duty on such goods.

16. As long as the complaining Appendix Party is applying the increased rate of customs duty under paragraph 14, it shall not suspend the application to the responding Appendix Party of benefits under paragraph 15.

17. Unless the Appendix Parties agree otherwise, Article 28.21 (Compliance Review) shall apply, *mutatis mutandis*,<sup>8</sup> to compliance review.

18. If a final report is presented after the 10-year period beginning on the date of entry into force of this Agreement, the procedures provided for in paragraphs 3 through 7 of Article 28.19 (Implementation of Final Report), Article 28.20 (Non-Implementation Compensation and Suspension of Benefits) and Article 28.21 (Compliance Review) shall apply, *mutatis mutandis*, in lieu of the procedures provided for in paragraphs 10 through 17.
